- **LANGUAGE SKILLS**

Native speaker: italian

Other language(s):

English B1

Spanish A2

- **SOFT SKILLS**

I could be considered a good speaker due to myself and experiences acquired during my works even in direct contact with clients, guests, teammates and supervisors.

Two years ago (June 2019), I opened VAT registered to me to meet the needs of work without the necessity of a fixed contract of employment. This allowed me to become even more responsible of the management of all the payment, deadlines and maintenance of registration.

I consider myself a hard worker able to manage well assignments and rules, still used to work alone but with good capacity to teamwork.
